
Senior Environmental Associate, PE or PG (Scientist, Geologist, Engineer)

Location: Eureka, Redding or Willits, CA Offices

What kind of work would I be doing? You will help rural clients in northern California and southern Oregon with regulatory compliance and land use needs. You will be directly responsible for the preparation of plans and implementation of permits related to site assessments and investigations, inspections on industrial and construction projects, and field programs. The role will include data interpretation, report preparation, project management, marketing, regulatory agency interaction, and staff direction. You will demonstrate SHN's mission, vision, and values in everyday language and interactions with co-workers and our client/vendors.

Compensation & Benefits:

- Wage range is approximately \$38.00 – \$55.00/hour, 40 hours/week anticipated
- Flexible work schedule
- [Comprehensive benefit package](#)
- Family-friendly and supportive team culture, shareholder opportunities
- Live, work, and play in the beautiful coastal redwoods and rural communities of Northern California

What are SHN's minimum qualifications?

- B.S. or B.A. in Environmental Studies/Geology/Engineering from an accredited college or university
- At least 8 years of experience in environmental compliance
- A working knowledge of the conditions and environmental requirements in the northern California region
- Professional Licensing (P.E./P.G.) or certification (QSD/TOR/QISP) registration in California
- Authorization to work in the U.S. without sponsorship
- Valid California drivers' license (Class C) and a satisfactory driving clearance.
- Authorization to work in the U.S. without sponsorship
- Valid driver's license and satisfactory driving clearance

What additional knowledge and skills would make me a great candidate?

- Master's Degree
- 40-hr. OSHA HAZMAT certification
- Phase I ESA and stormwater experience
- Site investigation, remediation experience
