

Civil Engineer (Environmental) (017008)

About the Job

[SHN Engineers & Geologists](#) is seeking a **Civil Engineer** for our Eureka, California office. The individual filling this position will work within SHN's environmental services group, and be responsible for the design and implementation of environmental compliance permits, engineering of treatment systems for impacted surface water and groundwater, and design of related engineering services. SHN offers a [competitive benefits plan](#), and the opportunity to contribute to interesting [environmental](#) and [civil engineering](#) projects throughout Northern California and Southern Oregon. Visit [our Facebook page](#) for a glimpse into who we are!

QUALIFICATIONS

- Professional, disciplined, self-motivated, organized, and focused
- Possesses strong written and oral communication skills
- Thrives in a team setting with other professional and technical staff, ability to lead
- Demonstrates attention to detail and a reliable work ethic
- Proven ability to market services to other professional services consulting firms and other clients
- Actively participates in local professional organizations and civic groups

DUTIES AND RESPONSIBILITIES

- Implement NPDES and WDR/MRP compliance permits
- Conduct clear written and verbal communication with clients, and SHN management and staff about projects, scope, schedule, cost, and resource allocations.
- Provide both conceptual and detailed design calculations, and written analyses and reports.
- Ensure standard engineering practices and inclusion of appropriate documentation on various reports and design projects.
- Prepare construction drawings, specifications, and cost estimates.
- Ensure that specifications, reports, and analyses meet scope, schedule, cost and quality requirements.
- Manage projects and provide quality control.
- Assist in business development and proposal preparation.
- Plan, schedule, coordinate, and oversee the work of staff-level engineers.

EDUCATION/REGISTRATIONS/CERTIFICATIONS

- B.S. degree in Civil Engineering or similar field from accredited university or college (M.S. preferred)
- California Professional Civil Engineer registration (PE)
- Post-PE experience (minimum 5 years preferred)
- Fluency in AutoCAD Civil 3D
- U.S. citizenship or authorization to work in the U.S. without sponsorship
- Valid California Driver's license by hire date
- 40-hr OSHA HAZWOPER Certification (preferred)
- Ability to travel up to 10% of normal work hours

SALARY

Commensurate with experience.

HOW TO APPLY

Please submit a cover letter that addresses your qualifications and experience, and your resume to Laurie Carroll, Recruiting, at lc Carroll@shn-engr.com. All inquiries will remain confidential. If you know someone that might be interested in SHN, please forward this information to them. This position is open until filled. SHN is an equal opportunity employer.
