## Civil Engineer

Experience: Mid (Project) level and Senior level, part-time and full-time

Location: North Coast of California, Eureka office

### Why engineering at SHN?

- Live, work, and play in one of the most beautiful places on Earth, offering river, ocean, trail, and many other outdoor sports and activities. Humboldt County also offers a vibrant music and arts community, and award-winning schools.
- With over 40 years in business and community service, SHN offers an entree into our close-knit community.
- Work flexibility; we are looking for part-time and full-time staff
- Our small firm offers shareholder opportunities, a family-friendly and supportive team culture, and benefits for part-time employment.

### What kind of work would I be doing?

Projects are variable but the person filling this position will be directly responsible for civil engineering projects for our municipal and private development clients. Projects include site development and low impact development; roadways and bike trails; water treatment, distribution, and water storage; and wastewater treatment and collection systems.

### What are SHN's minimum qualifications?

- B.S. degree in Civil or Environmental Engineering from accredited university or college
- California Professional Civil Engineer registration (PE)
- Mid-level, minimum 5 years of relevant experience. Senior-level, minimum 10 years of relevant experience
- Project management and client care experience
- U.S. citizenship or authorization to work in the U.S. without sponsorship
- Valid California Driver's license by hire date

### Are there preferred qualifications?

- Advanced degree in relevant area of study from accredited university or college
- Fluency in AutoCAD Civil 3D
- Experience working in consulting

### What else should I know about working at SHN?

We are all unique individuals with varying interests and priorities, so the best next step is for you to contact us—generally email is best. Please submit a cover letter that addresses your qualifications and experience, attach your resume, and send them to Mark Chaney, Recruiting, at [mchaney@shn-engr.com](mailto:mchaney@shn-engr.com). All inquiries will remain confidential.
