What kind of work would I be doing?

The Senior Planner helps rural communities in northern California and southern Oregon with both municipal and private development planning services. As a municipal planner they provide municipalities with both current and advance planning tasks. As a planner for private development they are expected to find a pathway for obtaining successful entitlements for well thought-out projects. The Senior Planner is expected to obtain work while managing multiple tasks and delegated work as needed to other planners, as well as other staff at SHN. This role requires people skills for developing agency relationships and keeping track of deadlines for multiple projects in a timely manner. It is expected that this person will understand and act consistently with the values and culture of SHN.
